

CREW VANCOUVER MENTORSHIP PROGRAM

Mission

The mission of the CREW Vancouver Mentorship Program is to support and encourage an exchange of ideas, friendship and expertise among real estate professionals. The Program matches CREW Vancouver members and volunteers (mentees) with experienced professionals with 10+ years in the industry (mentors) for guidance and support while also allowing the mentors to expand and develop their coaching/mentorship skills and foster relationships with the young future leaders of the local real estate community.

Qualifications

The CREW Vancouver Mentorship Program is a free program open to all current CREW members and CREW volunteers. Past Mentorship Program participants are eligible to reapply.

Timeline

The CREW Vancouver Mentorship Program runs for 12 consecutive months, from May 2019 to April 2020. Mentee applications will be accepted until April 19, 2019. Mentor-mentee pairs are selected by the CREW Mentorship Program organizing committee based on the industry sector, experience and personal preferences of mentors and mentees.

A Mentorship Mingler program launch event will be held on April 24, 2019 and will be an opportunity for mentees to meet and network with past year's program participants.

Mentee Commitment

The ideal mentoring relationship is one that exceeds fact-finding and delves into personal knowledge and experience. In many cases, young professionals have certain career goals, but do not have the firsthand experience or insight on what to expect or how to achieve their goals. Mentors are invaluable resources in helping guide and advise their protégés based upon their experiences. The goal is to develop a meaningful relationship between the mentor and mentee that will last beyond the timeline established here.

The CREW Vancouver Mentorship Program is a *mentee-led* program. It is designed to be successful with participation by the mentee who is required to lead all communication. Therefore, committing to the program will require the mentee to:

- ✓ Be Proactive - take initiative to make the first contact after the introduction;
- ✓ Arrange at least four (4) meetings with your mentor during the course of the Program;
- ✓ Be eager to learn and ask questions;
- ✓ Work as a Team Player – you must be willing to contribute as much as possible to the mentoring relationship;
- ✓ Be Patient – you must be willing to put in the time and effort to get to know and accommodate the schedule of your mentor;
- ✓ Have a Positive Attitude – you must seek out and be open to receiving feedback.
